## Royal Caribbean Launches honeymoon registry

Royal Caribbean International has launched a new Honeymoon Registry, providing an option for family and friends to help make a couple's dream of a perfect honeymoon cruise a reality.

The Royal Caribbean International Honeymoon Registry continues the romance of the big day with friends and family contributing to a couple's ideal Royal Caribbean International honeymoon cruise. Instead of the standard toaster, couples can add all of the onboard activities they'd like in the new registry. Family and friends can contribute to a dinner at a speciality restaurant, a couple's massage, an excursion, or even contribute to the cruise fare and help create a perfect honeymoon experience. To create a honeymoon registry, please visit <http://www.RoyalCaribbeanHoneymoon.com>

The new Honeymoon Registry follows the announcement of Royal Caribbean International's Royal Wedding Experience. In celebration of the upcoming Royal nuptials, Royal Caribbean International is offering an engaged couple the opportunity to have a truly regal wedding experience whilst onboard any of Royal Caribbean International's 22 ships around the world. The experience is available for booking from now until the end of April 2011, and can be used on any itinerary through the end of 2012. Royal Romance Wedding Coordinators handle every detail so that the couples' special day is a truly regal experience including any legal requirements pre-departure. The package, available to purchase up until December 2011, commemorates the Royal couple's big day, 29 April, and starts at \$2,904.

Royal Caribbean International's Royal Wedding package offers the happy couple a wide range of Royal Wedding essentials including a tiara for the bride, a 12-rose hand-tied bouquet, strawberries and champagne, toasting flutes and keepsake server each engraved with a crown, and of course, dinner at the captain's table. All of this comes with a dedicated wedding planner, photographer, boutonniere, save-the-date announcements and a tiered wedding cake.

Royal Caribbean International is a global cruise brand with 22 ships currently in service. The line also offers unique cruise tour land packages in Alaska, Australia, Canada, Dubai, Europe, and New Zealand.
