

EXPERT Q+A: HONEYMOON REGISTRY ADVICE

with **Kristin Stark**,
President and Founder of HoneymoonWishes

What is a honeymoon registry?

A honeymoon registry works just like a bridal registry through a retailer, except the wedding couple can request “honeymoon experiences” as wedding gifts. Instead of friends and family gifting traditional household items, guests can purchase a sunset cruise or night’s hotel stay for the couple.

What are the most popular items or experiences couples register for from HoneymoonWishes?

Things that the couple might not otherwise do if someone hadn’t bought it for them, such as a couples massage, champagne in a private cabana, or a ziplining excursion.

What are some of the biggest expenses related to the honeymoon? Can guests pay for part of these expenses through HoneymoonWishes?

The biggest expense is usually the accommodations themselves.

And since HoneymoonWishes works with over 300 hotel and cruise brands, guests can give towards the stay directly. We are unique in that we work with our partner properties to actually get that gift to the property and apply it to the stay.

What are the most popular honeymoon destinations you’re seeing?

With so many amazing choices of All Inclusive Resorts, the Caribbean and Mexico are hugely popular. Cruising is also really popular with honeymooners; it’s a great way to experience many destinations all at once; especially if the couple has not traveled a lot together to know exactly what they want to do. Hawaii is always a popular choice offering that tropical destination without the need of a passport.
